Rectangular steel bath Tanza 1400 x 700 mm with a volume of 155 liters is made from 1.8 mm sheet metal, on which 3 layers of enamel are applied. The advantage of steel enameled bathtubs is their resistance to scratches, impacts and abrasions. For Tanza steel bathtubs, we recommend using one- or two-part screens from the Cubito series. We provide a 5-year warranty on Tanza steel bathtubs.
