

## TALAS

Single lever bath/shower mixer, without shower set, spacing 150 mm

## TECHNICAL DRAWINGS

## FEATURES

Talas faucets represent quality at a great price. Chrome batteries are characterized by an interestingly designed lever. Thanks to the latest technologies used, they look great and will decorate your bathroom for many years. We offer a bath lever mixer without a shower set. Take a look at the accessories chapter and choose from a range of hand showers, hoses and holders. The shower accessories of the individual series are compatible and can be freely combined. We recommend Rio shower sets for the Talas series. We guarantee a 5-year warranty on the surface of the battery and on the ceramic cartridge.
