FEATURES

Simple clean lines and softly rounded edges are typical design features of the Deep by JIKA series. The washbasin with a width of 500 mm from the named series has a beautiful simple shape, it is deep enough and is a practical and elegant solution for small bathrooms or separate toilets. The washbasin will match beautifully with the Rio, Mio or Mio Style designer siphons, which we offer in a modern matte black color. We also offer the product with a children's horse motif (version 134 and 139), which will be appreciated by the youngest bathroom users. The recommended height for installing a children's washbasin is 600 mm. We provide an extended 10-year warranty on JIKA ceramic products. The product will be available during 2Q 2025.

Bowl position: **Central**
