FEATURES

Simple, clean lines and softly rounded edges are typical design features of the Deep by JIKA series. The toilet cistern from the aforementioned series with side water inlet 3/8" (left or right side) is offered with Dual Flush mechanism, which economizes the water flow with 3 or 6 litres options. The Dual Flush flushing system brings a number of improvements, such as easier installation, easier flushing control and better security against theft. We provide an extended 10-year warranty on JIKA ceramic products. We provide a 5-year warranty on fittings placed in the cisterns.
