

GOLEM

Siphonic urinal, outer water inlet

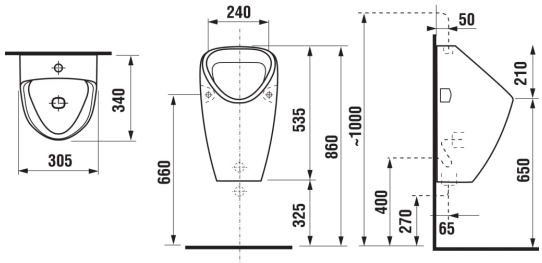

DIMENSIONS

Length	305 mm
Width	340 mm
Height	535 mm

COLOURS AND OPTIONS

000 White

TECHNICAL DRAWINGS

FEATURES

JIKA offers ceramic solutions geared towards the needs of businesses. One of them is Golem urinal with an outer water inlet, which is popular mainly for its practical and simple design. You can connect this urinal to a horizontal or vertical siphon, and an inlet fitting with a pressure valve, a ratchet or a fitting suitable for sensor control can be used for flushing. Among other the benefits of the urinal are Antibak (glazed inner circuit and waste preventing dirt from adhering). We provide an extended 10-year warranty on the urinal. Assembly instructions can be found in the download documents. We recommend using a concealed module for urinals.

Length: **305 mm**

Width: **340 mm**

Height: **535 mm**

Average water consumption (L.): **1**

Fixing kit: **Not included**

Inlet diameter (mm): **30**

Minimum flushing quantity (l): **1**

Water inlet position: **External vertical**
