

### PL8 dual flush plate

Number of buttons: 2

Three variants of modern PL8 dual flush plates are offered: batch 000 – white colour, green ring, batch 004 – bright chrome, matte ring, batch 007 – matte chrome, bright ring. You can also order colour rings separately and replace these according to your taste. The flush plate saves water with every flush. The flush plate can be set, for example to 4.5 litres for WCs that are certified for this volume.
