A glimpse of traditional bidet faucets, this one from Lyra series remains synonymous to harmonic shapes and classic lines. The Lyra lever bidet mixer contains a high-quality ceramic cartridge with the OptimEco system, easing control of both water temperature and flow. Aerators that prevent scale deposition. Perlators repel limescale, and selectors prevent the siphonage of dirty water. Thanks to the movable mouth with the aerator, the battery can be rotated in different directions at an angle of 20 degrees. The connection hoses of the stand mixer are made of stainless steel and contain seals. 5-year warranty provided. Tested for 70.000 cycles.
