H894651 Basic WC system compact for wall-hung toilets

Simple and clean lines and softly rounded edges are the typical design features of Deep by JIKA series. All variants are attractive for their modern shapes and perfect coordination of all details. The wall-hung toilet has a washdown flushing system and also saves water cistern to the Dual Flush system with the option of flushing only 3 or 4.5 liters of water. The ingenious Slowclose mechanism ensures slow automatic folding of the slim, modern seat and cover. JIKA provides a 10-year warranty on the ceramic cistern.
