 H294818 Automatic overflow with inlet  
 H294013 Metal adjustable legs for bathtub  
 Praga

The ergonomically shaped Praga bathtub with chrome handles measuring 180 x 80 cm holds up to 210 liters of water and is the largest steel bathtub in the JIKA range. Praga series bathtubs are made of premium steel with a thickness of up to 3 mm and equipped with three layers of enamel, which is gradually fired and perfectly controlled. We recommend using one-piece or two-piece Cubito screens for Praga steel bathtubs. Steel products are 100% recyclable. We provide a 5-year warranty on steel bathtubs.
