

Simple, clean lines and softly rounded edges are typical design features of the Deep by JIKA series. The elegant floorstanding toilet recreates the best of this range. Vario outlet permits horizontal, vertical and oblique connection. The Vario elbow is not part of the toilet, it must be ordered separately. Dual Flush mechanism economizes the water flow with 3 or 4.5 litres options. Total Clean attribute relies on flushing channels all around the pan rim for perfect rinsing. Antibak prevents trapped dirt by having the inner ring and drains glazed. Installation kit is included. We provide an extended warranty of 10 years for JIKA ceramic products.

Floorstanding WC, vario outlet

Fixing kit: Included
