Technical drawings

Do you have a spacious bathroom and want to utilize bathroom layout up to the maximum? The ideal solution is provided by made-to-fit Cubito washbasin counter offered in various lengths of 1350–2200 mm, which can be used for two Cubito washbasins (450–750 mm) providing storage space in the middle. Washbasin counter offered in white or oak variants can be cut to the required length by the installer. We recommend to combine this counter with adjustable support feet (either white or bright) or with under-counter vanity units. To order a washbasin cut-out please use the form available at JIKA catalogue. A two-year warranty is provided for Jika bathroom furniture, which is made exclusively in the Czech Republic.
