Technical drawings

Mio-N series is a popular range thanks to its elegant shapes and simple controls. The classic stand-up lever faucet with an automatic metal outlet contains an economical Neoperl aerator with a flow rate of 5.7 l/min with the function of adjusting the water flow, which also significantly saves water, and a high-quality ceramic cartridge (Ø 40 mm). The battery includes 2 high-quality certified Tucui stainless steel connection hoses. The chrome surface of the faucet and the ceramic cartridge of the faucets are covered by a 5-year warranty. Mio-N bathroom faucets and shower accessories are assembled and 100% tested at the JIKA factory in Znojmo.
