

Deep by JIKA, the series of bathroom faucets of elegant shapes offers a comprehensive range of models. The wall-mounted thermostatic shower faucet with a shower kit uses an ingenious thermostat with the Safety Stop function to ensure stable and constant water temperature according to your settings. In addition, it features an EcoStop button to control water flow-rate and save up to 50% of water. The shower faucet with a shower kit includes a hand-spray with three functions, a hand-spray holder and quality certified 1700 mm shower hose featuring the AntiTwist system. An extended five-year warranty is provided for chrome surfaces of Jika faucets. A two-year warranty is provided for JIKA shower accessories. Deep by JIKA batteries completely assembled and 100% tested in the JIKA factory in Znojmo (Czech Republic).
