Technical drawings

If you look for the ideal solution for your modern bathroom, you should consider Pure series frameless-structure shower enclosures and doors made of 8 mm safety transparent glass with JIKA Perla Glass surface treatment to guarantee easy maintenance. Single shower door 1950 mm with a fixed segment, max. width 800 mm, can be mounted directly on the floor or combined with Pure, Italia or Padana series shower trays. The single shower door allows for easy installation into a niche or it can be complemented by a fixed screen. Massive chrome hinges and sleek handle shapes will give your bathroom an exclusive character. The handles are made of chrome. A five-year warranty is provided for shower enclosures made in EU.
