

Mio Style series is a popular range thanks to its elegant shapes and simple controls. The single lever basin mixer contains a high-quality ceramic cartridge ( $\varnothing$  35 mm) and an economical Neoperl aerator with a flow rate of 5 l/min. The aerator is made of a special material against limescale. Another advantage of the faucet is the switches, i.e. the flap against the back suction of polluted water. The faucet is supplied without waste. We recommend ordering the Click-Clack sink outlet (H391710040001) and the Mio 5/4"-32mm sink siphon (H374710040001). The chrome surface of the faucet and the ceramic cartridge of the faucets are covered by a 5-year warranty. Mio-N bathroom faucets and shower accessories are assembled and 100% tested at the JIKA factory in Znojmo (Czech Republic).

### Single lever basin mixer, without waste, chrome

Application place: Basin  
 Faucet type: Single-lever  
 Finish: Chrome  
 Flow rate (l/min - 3 bar): 5
