

### Single lever bath-shower mixer, without shower set, chrome

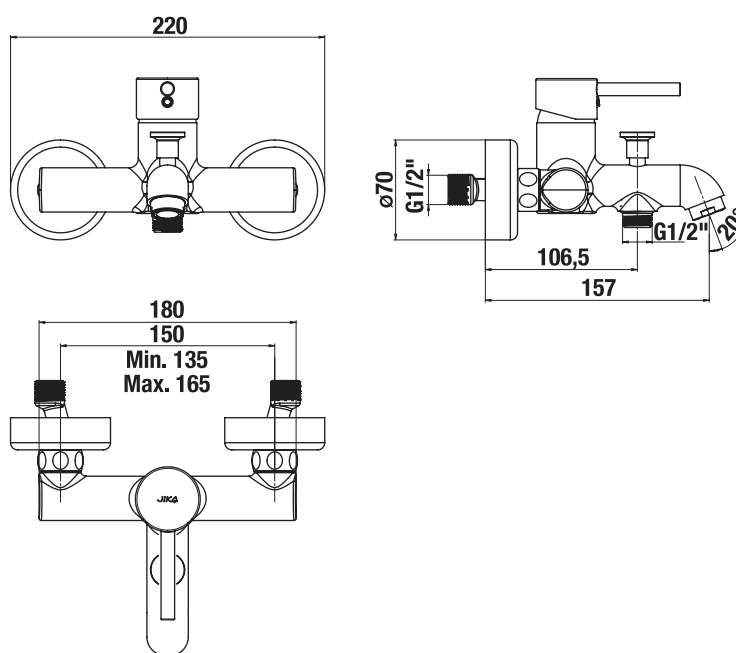

Application place: Bathtub

Finish: Chrome

Installation type: Wall-mounted

### Technical drawings

Mio Style series is a popular range thanks to its elegant shapes and simple controls. The single lever bath-shower wall-mounted mixer contains a high-quality ceramic cartridge ( $\varnothing$  35 mm) and an economical Neoperl aerator with a flow rate of 5 l/min. The aerator is made of a special material against limescale. Another advantage of the faucet is the switches, i.e. the flap against the back suction of polluted water. The faucet is supplied without the shower set. It can be combined with a wide range of Cubito-N shower accessories. The chrome surface of the faucet and the ceramic cartridge of the faucets are covered by a 5-year warranty. Mio-N bathroom faucets and shower accessories are assembled and 100% tested at the JIKA factory in Znojmo (Czech Republic).
