Duroplast seat and cover Cubito Pure is offered with stainless steel hinges and we recommend it for floorstanding, wall-hung and combi toilets of the same series. The seat is light, strong in shape, the cover doesn't overlap the seat (so-called sandwich appearance), thanks to these features it is perfect in design. The SlowClose mechanism brings noise down and safety up by decelerating the seat and cover closing speed. The maintenance of the toilet is simplified by the Quick system for easy assembly and disassembly of the seat.
