

Single lever basin mixer, high rise L=220 mm, without waste, black matt

Application place: Basin

Faucet type: Single-lever

Installation type: Deck-mounted

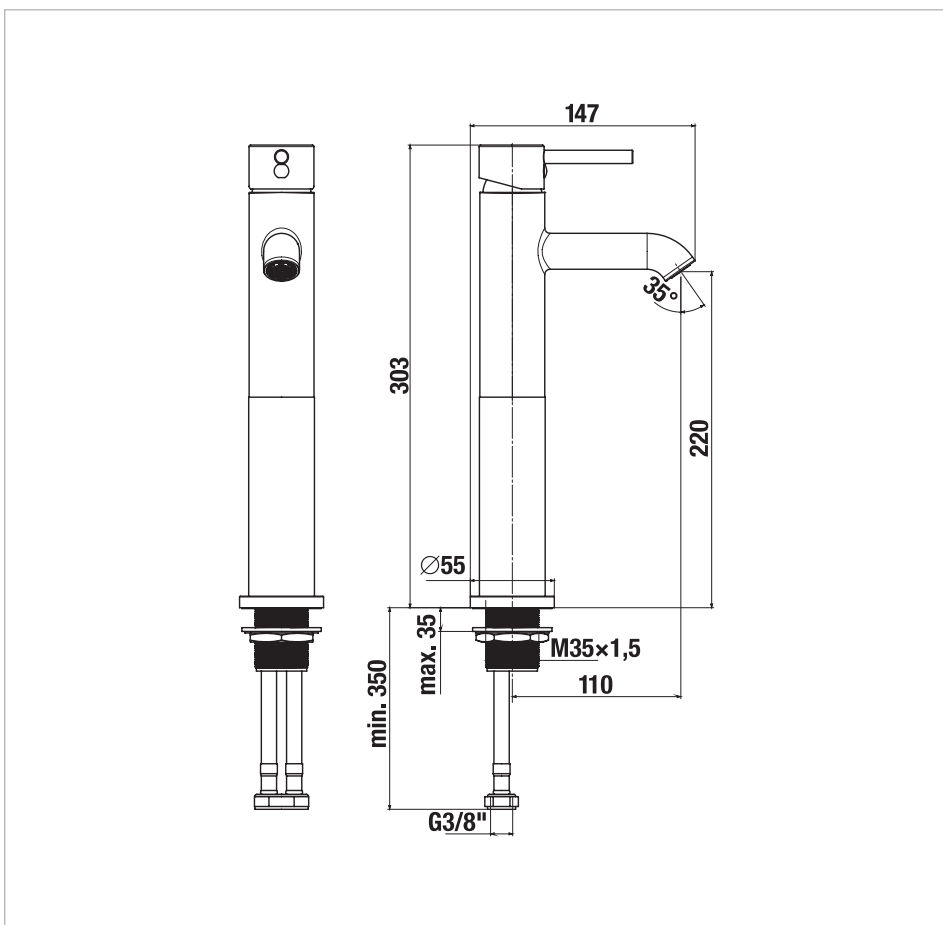

Waste type: Waste not included

Colours and options

H3112F87161201 Black matt

Technical drawings

Mio Style series is a popular range thanks to its elegant shapes and simple controls. The single lever basin mixer with high rise 220 mm in a new color design, matt black, the advantage is a smooth surface, which is highly resistant to scratching, is intended for washbasins bowl. The basin mixer contains a high-quality ceramic cartridge (\varnothing 35 mm) and an economical Neoperl aerator with a flow rate of 5 l/min. The aerator is made of a special material against limescale. Another advantage of the faucet is the switches, i.e. the flap against the back suction of polluted water. The battery is supplied without drain. We recommend ordering the Click-Clack sink outlet (H3702F97161031) and the Mio Style G5/4" \times DN32, ABS sink siphon (H3742F07160001). Mio bathroom faucets and shower accessories are assembled and 100% tested at the JIKA factory in Znojmo (Czech Republic).
