Cube

H3111W10049101

Single lever basin mixer, without waste, Cold Start, chrome

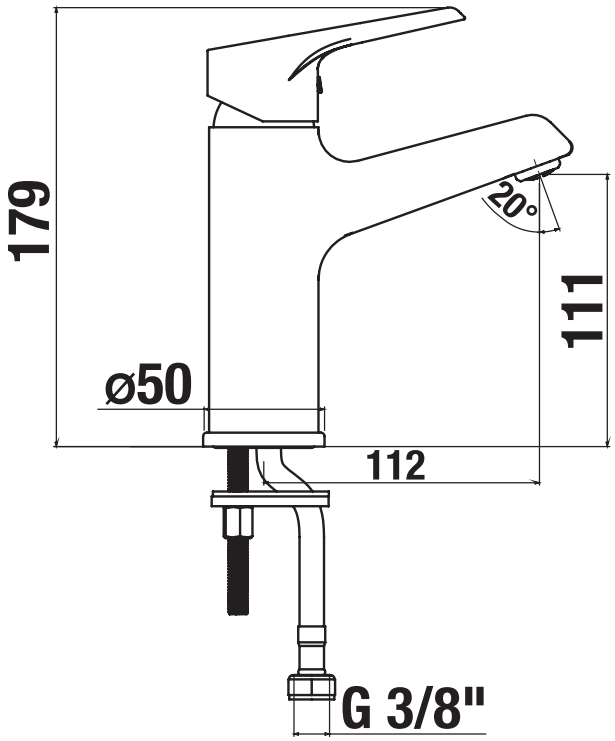

Application place: Basin
Faucet type: Single-lever
Finish: Chrome
Flow rate (l/min - 3 bar): 5
Installation type: Deck-mounted
Waste type: Waste not included

Compatible with

H3917100040001 Click-clack basin waste, chrome
H3747100040001 Siphon, chrome, brass

Cube bathroom series is based on current trends. The single lever basin mixer in chrome design contains a high-quality ceramic cartridge (Ø 35 mm) and an economical Neoperl aerator with a flow rate of 5 l/min. The aerator is made of a special material against limescale. Another advantage of the faucet is the switches, i.e. the flap against the back suction of polluted water and the Cold Start function, which means that by opening the lever of the faucet in the middle position, cold water starts to flow. The battery is supplied without drain. We recommend ordering the Click-Clack basin waste (H3917100040001) and the Mio Style G5/4“ × DN32, basin siphon (H3747100040001). The faucets can be combined with a wide range of Cubito-N accessories. We guarantee a 5-year warranty on the surface of the battery and the ceramic cartridge. Tested to 70,000 cycles.
