

Mio Style series is a popular range thanks to its elegant shapes and simple controls. The single lever basin mixer in a new color design, matt black, the advantage is a smooth surface, which is highly resistant to scratching, contains a high-quality ceramic cartridge (Ø 35 mm) and an economical Neoperl aerator with a flow rate of 5 l/min. The aerator is made of a special material against limescale. Another advantage of the faucet is the switches, i.e. the flap against the back suction of polluted water. The battery is supplied without drain. We recommend ordering the Click-Clack sink outlet (H3702F97161031) and the Mio Style G5/4" × DN32, ABS sink siphon (H3742F07160001). Mio bathroom faucets and shower accessories are assembled and 100% tested at the JIKA factory in Znojmo (Czech Republic).

### Single lever basin mixer, without waste, black matt

Application place: Basin  
Faucet type: Single-lever  
Flow rate (l/min - 3 bar): 5
