Colours and options

H3312F67160001 Black matt

Technical drawings

Mio Style series is a popular range thanks to its elegant shapes and simple controls. The single lever shower concealed mixer in the new matte black color design, the advantage is a smooth surface, which is highly resistant to scratching, contains brass body with top set and a high-quality ceramic cartridge (Ø 35 mm) and an economical Neoperl aerator with a flow rate of 5 l/min. The aerator is made of a special material against limescale. Another advantage of the faucet is the switches, i.e. the flap against the back suction of polluted water. Mio bathroom faucets and shower accessories are assembled and 100% tested at the JIKA factory in Znojmo (Czech Republic).
